DETAILED ACTION

Drawings

1. The drawings were received on March 10, 2009. These drawings are accepted. The objection(s) to the drawings cited in the previous office action filed on February 18, 2009 is (are) hereby withdrawn.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: In the previous office action filed on February 18, 2009, **claim 5** was objected to as being allowable but dependent from a rejected base claim. The Applicant has rewritten claim 5 to incorporate all of the limitations of the base and intervening claims. In particular, claim 5 recites a monolithic device comprising four lateral devices (transistors), in which the first and second gate terminals of each pair of devices are connected to each other within the pair, all of the source terminals of both pairs of devices are connected to each other to form a common source terminal for the entire structure, the first and second drain terminals of the first pair of devices are electrically independent of the first and second drain terminals of the second pair of devices, the first and second gate terminals of the first pair of devices are connected to the first and second drain terminals of the second pair of devices, and the first and second gate terminals of the second pair of devices are connected to the first and second drain terminals of the first pair of devices. This construction yields a monolithic structure that has a common source, drain and gate connections in a fashion which yield a synchronous rectification device, and a

multi-layer interconnection structure connecting the source, drain, and gates of each lateral device within the monolithic structure. There is nothing in the prior art that anticipates or renders obvious a monolithic structure with lateral transistor devices and a multi-layer interconnect structure such that the connections of the terminals are in the fashion of the claimed invention.

3. Reasons for indicating **claims 7 – 12, 18, and 19** as being allowable were given in the previous office action filed on February 18, 2009.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
